### Abstract

The science of medicine came into existence with the existence of life because the science of medicine was the need of life and since then it has been developing. Gradually, many diseases are involved as science and time advance. Different paths based on different doctrines with their vivid understandings of the different diseases tried to give specific theories. Ayurveda is a science with specific doctrines based on which it flourishes. Its diagnostic approach is based on Nidana *Panchaka*. In Ayurveda, a special drug for *visha* is called *Agada*. So, in this research paper, *Tarkshya Agada* is one of them. So, this paper aims to present the details of *Tarkshya Agada*.

### INTRODUCTION

The drug is said to be ideal which curing diseases without any side effects. Emphasizing this fact, Ayurveda gave a comprehensive approach to the complete knowledge of the drugs, right from the procurement, identification, processing, and application. Every physician might know the medicinal values of every drug. Along with this, it is a Physician's responsibility to know the medicinal properties of the drugs clinically *i.e.* by experience. Drugs that are specifically used for the treatment of poisonous cases are known as 'Agada'. Only a few *oushada yogas* are used at present to treat Snake poisoning. The reason for the above matter is the

non-availability and controversy of the ingredients included in the *oushada yogas* mentioned in the classical texts.

In Ayurveda, there are eight branches. *Agadatantra* is one branch among the eight branches. *Agadatantra* mainly deals with the *Agadas* (Antidot). *Tarkshya Agada* is one special drug for *visha*.

### MATERIAL AND METHODS

Ayurvedic view of *Tarkshya Agada*.

So, details of *Tarkshya Agada* are as follows -

**Tarkshya Agada:**

Name	Latin name	Family	Properties (Ayurveded)	Properties (Modern)
Prapaundrik	<i>Nelumbo nucifera</i>	<i>Nymphaeaceae</i>	<b>Rasa:</b> kashaya, Madhur, tikta <b>Guna:</b> laghu, snigdha, picchila <b>Virya:</b> shita <b>Vipaka:</b> madhur <b>Doshakarma:</b> Kapha- pittahara	anti-microbial, antioxidant, anti-inflammatory, antitussive, antiviral, antiulcer, hepatoprotective, antiallergic
devdaru,	<i>Cedrus deodara</i>	<i>Pinaceae</i>	<b>Rasa:</b> tikta, katu, kashaya <b>Guna:</b> ruksha, laghu <b>Virya:</b> ushna <b>Vipaka:</b> katu <b>Doshakarma:</b> Kapha- vatahara	anti-allergic and anti-inflammatory, anticonvulsant, antiulcer, carminative, analgesic, antimicrobial
musta,	<i>Cyperus rotundus</i>	<i>Cyperaceae</i>	<b>Rasa:</b> katu, tikta, kashaya <b>Guna:</b> laghu, ruksha <b>Virya:</b> shita <b>Vipaka:</b> katu <b>Doshakarma:</b> Pittakaphahara, Shleshmaraktajit	Anti- inflammatory, wound healing activity, anti-microbial, anti-platelet, anti-malarial, anti-convulsant, hepatoprotective, antobesity, antidiabetic, antioxidant
kalanusari,	<i>Trigonella foenum-graecum</i>	<i>Fabaceae</i>		antidiabetic, antihyperlipidemic, antobesity, anticancer, anti-inflammatory, antioxidant, antifungal, antibacterial, galactogogue
kutki,	<i>Picrorhiza kurroa</i>	<i>Old Family: Scrophulariaceae New Family: Plantaginaceae</i>	<b>Rasa:</b> tikta <b>Guna:</b> ruksha, laghu <b>Virya:</b> shita <b>Vipaka:</b> katu <b>Doshakarma:</b> kafa- pitta shamaka	anti-oxidant, anti-inflammatory and anti-apoptotic, Anti-anaphylaxis, Antileishmanial, Antifungal, Anti-diabetic, Immunomodulatory, Anticancer, Hepatoprotective
sthauneyak,	<i>Leonotis nepetifolia</i>	<i>Lamiaceae</i>	<b>Rasa:</b> katu <b>Guna:</b> laghu, tikshna <b>Virya:</b> ushna <b>Vipaka:</b> katu <b>Doshakarma:</b> Kapha- Vatahara	multidirectional antimicrobial, anti-inflammatory, antioxidant, wound healing, analgesic and anticancer
dhyamak,	<i>Valeriana pyrolifolia</i>	<i>Caprifoliaceae</i>	<b>Rasa:</b> katu, tikta <b>Guna:</b> laghu, ruksha, tikshna <b>Virya:</b> ushna <b>Vipaka:</b> katu <b>Doshakarma:</b> Kapha- Vatahara	Antibacterial, antioxidant, sedative, hypnotic, antispasmodic, analgesic, antidepressant, anxiolytic
Guggulu	<i>Commiphora wightii</i>	<i>Burseraceae</i>	<b>Rasa:</b> tikta, katu <b>Guna:</b> laghu, ruksha, visha da, sookshma, sara <b>Virya:</b> ushna <b>Vipaka:</b> katu <b>Doshakarma:</b> tridosahara	anti-inflammatory, anti-arthritis, anti-hypercholesterolemic, Hypolipidemic, antioxidant, Cardioprotective, Cytotoxic, Antiatherosclerotic, Antifertility, Antihyperglycemic, antimicrobial
Nagakesar	<i>Mesua Ferrea</i>	<i>Guttiferae</i>	<b>Rasa:</b> Kashaya, tikta <b>Guna:</b> ruksha, tikshna, laghu <b>Virya:</b> ushna <b>Vipaka:</b> katu <b>Doshakarma:</b> kafa- pittahara	anti-oxidant, anti-inflammatory, anti-arthritis, antifungal, anticonvulsant, anti-ulcer, wound healing, antivenom, disinfectant, diuretic, herbal formulation, anticancer, prevention of COPD, antidiabetic, immunomodulatory, hormone balancing
ela,	<i>Elettaria cardamomum</i>	<i>Scitamineae</i>	<b>Rasa:</b> katu, Madhur <b>Guna:</b> laghu, ruksha, <b>Virya:</b> shita <b>Vipaka:</b> katu <b>Doshakarma:</b> Kapha- Vatahara	antiallergic and anti-inflammatory, antiseptic
shwet nirgundi,	<i>Vitex negundo</i>	<i>Lamiaceae</i>	<b>Rasa:</b> katu, tikta <b>Guna:</b> laghu, ruksha <b>Virya:</b> ushna <b>Vipaka:</b> katu <b>Doshakarma:</b> Kapha- Vatahara	anti-inflammatory, analgesic, and wound-healing, Anti-inflammatory, CNS depressant, Antifungal, Wormicidal, Antiallergic

talispatra,	<i>Abies webbiana</i>	<i>Pinaceae</i>	<b>Rasa:</b> Madhur, tikta <b>Guna:</b> laghu, tikshna <b>Virya:</b> ushna <b>Vipaka:</b> katu <b>Doshakarma:</b> Vata- Kapha hara	anti-inflammatory, antifertility, febrifuge, central nervous system depressant property, antibacterial
suvarchika,	<i>Cleome viscosa</i>	<i>Cleomaceae</i>	<b>Rasa:</b> katu <b>Guna:</b> ruksha, guru, sara, kshar <b>Virya:</b> shita <b>Vipaka:</b> madhur <b>Doshakarma:</b> kafa- vata shamaka	Antimicrobial, anti- diabetic,
shyonaka,	<i>Oroxylum indicum</i>	<i>Bignoniaceae</i>	<b>Rasa:</b> madhur, tikta, kashaya <b>Guna:</b> laghu, ruksha <b>Virya:</b> ushna <b>Vipaka:</b> katu <b>Doshakarma:</b> kafa- vata shamaka	anti-inflammatory, diuretic, astringent, expectorant, anti-arthritis, antipyretic, aphrodisiac antifungal and antibacterial, antitumor
Shilarasa				
kushtha,	<i>Saussurea lappa</i>	<i>Asteraceae</i>	<b>Rasa:</b> tikta, katu, madhura <b>Guna:</b> laghu, ruksha, tikshna <b>Virya:</b> ushna <b>Vipaka:</b> katu <b>Doshakarma:</b> kafa- vata shamak	Laxative, Diuretic, Stimulant, and Alternative, Anti-convulsant, Anti-hysterical, Digestant, Carminative, Appetizer, Analgesic, Uterine stimulant, Emmenagogue, Lactagogue
tagar,	<i>Valeriana walichi</i>	<i>Valerianaceae</i>	<b>Rasa:</b> Tikta, Katu, Kashaya <b>Guna:</b> laghu, snigdha <b>Virya:</b> ushna <b>Vipaka:</b> katu <b>Doshakarma:</b> kapha-vata shamaka	Antioxidant, Anti-inflammatory, Cardioprotective, Hepatoprotective
priyangu,	<i>Callicarpa macrophylla</i>	<i>Verbenaceae</i>	<b>Rasa:</b> Tikta, Kashaya, Madhur <b>Guna:</b> laghu, ruksha <b>Virya:</b> shita <b>Vipaka:</b> katu <b>Doshakarma:</b> tridoshashamaka	Anti-inflammatory, antibacterial, analgesic, anti- arthritic, antifungal, antidiabetic, Cytotoxic, acute toxicity and phytotoxic activity, Hepatoprotective
lodhra,	<i>Symplocos racemosa</i>	<i>Symplocaceae</i>	<b>Rasa:</b> kashya, tikta <b>Guna:</b> laghu, ruksha <b>Virya:</b> shita <b>Vipaka:</b> katu <b>Doshakarma:</b> Kapha-pittahara	antimicrobial, anti-diarrheal, anti-cancer, hepatoprotective, anti-oxidant, anti-androgenic, analgesic, Haemostatic, Coagulant, anti-inflammatory
balak,	<i>Pavonia odorata</i>	<i>Malvaceae</i>	<b>Rasa:</b> tikta <b>Guna:</b> ruksha, laghu <b>Virya:</b> shita <b>Vipaka:</b> katu <b>Doshakarma:</b> pitta- kafa shamaka	CNS depressant, analgesic, anti-inflammatory, hypotensive and hypoglycaemic agent, antipyretic
Swarnagairik	<i>Red ochre</i>		<b>Rasa:</b> Madhur, kashya <b>Guna:</b> snigdha <b>Virya:</b> shita <b>Vipaka:</b> madhur <b>Doshakarma:</b> kapha- pitta shamaka	
Pippali	<i>Piper longum</i>	<i>Piperaceae</i>	<b>Rasa:</b> Katu, madhur <b>Guna:</b> laghu, snigdha <b>Virya:</b> anushna <b>Vipaka:</b> madhur <b>Doshakarma:</b> kapha-vata shamaka	Antioxidant, Anti-inflammatory, Cardioprotective, Hepatoprotective
Chandana	<i>Santalum album</i>	<i>Santalaceae</i>	<b>Rasa:</b> tikta, madhur <b>Guna:</b> laghu, ruksha <b>Virya:</b> shita <b>Vipaka:</b> katu <b>Doshakarma:</b> kapha- pitta shamaka	Anti-bacterial, anti-viral, antifungal, antioxidant, antipyretic, haemostatic, cooling
Sendha namak			<b>Rasa:</b> Lavana Madhura <b>Guna:</b> laghu, snigdha, tikshna <b>Virya:</b> sita <b>Doshakarma:</b> Tridoshaghna	

## Method of preparation

**Indications:** *takshaka sarpa visha*

**Mode of Administration:** Oral, Nasal, Collyrium, massage

**Action of Yoga:** The combination of this yoga has a special action as *visha ghna* in any *visha* (Jangama or Sthavara) as per the classical reference. In the phalaruti, it is said that the usage of this yoga removes all the toxicity of Sarpa *visha*.

## CONCLUSION

- *Tarkshya* agada is best for any disorders due to Sarpa *visha*.
- It removes all the toxicity of Sarpa *visha*.
- It is applicable as external & Internal.
